1st STEM CELL SYMPOSIUM WITH INTERNATIONAL PARTICIPATION

SEPTEMBER 29 – OCTOBER 01, 2010

Ondokuz Mayıs University, Congress and Culture Center - SAMSUN

Announcement - Scientific Programme

www.kokhucresempozyumu.org

INVITATION

Our Dear Colleagues ,

We are very happy and honorable to announce the "1st International Participating Stem Cell Symposium" organized with the support of Samsun Stem Cell Association and Ondokuz Mayıs University between dates of September 29- October 1, 2010 in Samsun under hosting of Ondokuz Mayıs University.

Our purpose is to gather the scientists and researchers together who are specialists in the stem cell subject and by establishing a common working platform, give information to the public.

The scientists from our country and other countries who are the specialists of the subject will participate in the symposium. In the symposium, in addition to the basic subjects on biology of embryonic and non-embryonic stem cells and their obtaining, usage of stem cells obtained from different tissues in various areas and their clinical usage and efficiency will be discussed.

The symposium will be realized at the Rectorship of Ondokuz Mayıs University - Congress Culture Center. Ondokuz Mayıs University has an infrastructure enabling it to organize such a symposium and Samsun city where the symposium will be organized is a well-developed and historical city. We would like to invite you to the 1st International Participating Stem Cell Symposium by wishing that it will be a symposium to make a contribution to the science of our country.

With our loves and respects
For and behalf of the Organization Committee.

Prof. Dr. Gülsen Ökten
Chairman of the Symposium

MAIN SUBJECTS

- Mesenchymal Stem cell
- Cellular treatment and regenerative medicine
- Embryonic stem cell
- Pluripotent stem cell
- Neural stem cell
- Stem cell in surgery
- Stem cell researches in oncology
- Stem cell and clinical applications
- Importance of cooperation between the basic scientist and clinician

ROUND TABLE DISCUSSIONS

The round table discussions between dates of September 29, 30 and October 1 during interval periods of lunch under scope of the symposium. The round table discussions will be made with foreign speakers in a manner "consult to the specialist".

As only limited number of people can participate to these sittings, we kindly request you to make reservation at the reservation tables during the symposium for the related sitting until at 10:00.

The detailed information about the round table sittings will be notified in next days.

IMPORTANT DATES

Symposium Dates	29 September - 01 October 2010
Early Reservation and Accommodation	August 10 , 2010
Final Sending Date of the Bulletin Abstract	June 15 , 2010

ABSTRACTS

The final sending date of the bulleting abstracts is **June 15, 2010**.

The scientific committee invites all the authors to send bulletins for participation to the symposium program. The rules for sending of bulletins are presented to your knowledge below.

Bulletins will be send online through the symposium web site. Bulletins send by means of fax or mail will not be accepted. The official language of the symposium is Turkish. All the abstracts of bulletins must be in Turkish. Authors will be automatically directed on the system while they are sending their bulletins. In case you experience any problem during the bulletin sending, please contact to the organization secretariat. (info@kokhucresempozyumu.org)

Rules for preparation of bulletin abstracts:

- Abstracts must be prepared in Turkish on the "Microsoft Word" file (*.doc) version in a manner not exceeding 250 words.
- The word document of the prepared bulletin abstract must be definitely attached during online application.
- Heading must be written in capital letters.
- Names and surnames of all the authors must be written clearly. The name of author who will present the bulletin must be underlined.
- Institutions of all the authors must be stated.
- The bulletin abstracts must be arranged in a manner containing purpose, method, conclusion and comment.
- The research abstracts must be arranged in a manner containing introduction, method, findings and conclusion.
- The abstracts of fact presentation must be arranged in a manner containing introduction, fact presentation, discussion and conclusion.
- References in the text must be avoided.
- Name, surname, telephone and e-mail address of the author who will make the presentation must be definitely indicated. All the correspondences related to the bulletin will be realized via e-mail address.
- The presentation type must be definitely indicated: " verbal, poster and no preference".

The Scientific Evaluation Committee may convert the poster bulletins to verbal bulletin and verbal bulletins to poster bulletin if it deems necessary.

Each participant may present at last 2 bulletins (he/she is in charge of). The best first three bulletins will be elected among the verbal and poster bulletins and during the gala dinner, success certificates will be presented to the bulletin owners.

Fees and Reservation

At least one of the authors who are included in the accepted bulletin abstracts must make a reservation for the symposium until date of August 27, 2001. Only the presentations of authors who make reservation for the symposium will be included in the program and abstract book. The Scientific Committee has the right to remove the bulletins of authors who do not make reservations until the said date.

Announcement of the assessment and acceptance-refusal replies

All the bulletins will be assessed by the "Bulleting Assessment Committee". The acceptance-refusal replies will be announced by means of e-mail since date of July 30,2010. For this purpose, only the determined e-mail address will be used.

Rules for preparation of the verbal and poster bulletins

Verbal presentations; only the power point presentations will be accepted. The author who will make the presentation must be present in the symposium center latest 3 hours before his/her presentation and for the morning presentations, in the afternoon of previous day and must control his/her presentations in the control room(with CD or USB memory). The presentation control room has sufficient equipment. Each presentation will have a period of total 15 minutes- 12 minutes for presentation and 3 minutes for discussion. Poster Presentations; posters must be in 70cm width and 90cl length. The dimension of letters must be in size readable from 1 meter distance. For each poster, a poster number will be given and that number will be notified to the poster holder. Posters will be hung on the determined places and poster discussions be made at hours determined for poster presentations (at lunch intervals). Poster holders will be responsible for hanging on and removal of posters.

Free Bulletins

Bulletins will be elected by the Scientific committee during the assessment phase and it will be finalized on August 30, 2010.

SYMPOSIUM CENTER

Ondokuz Mayıs University is a state university founded in 1975. The center location of the university is in Samsun that has an international harbor and airport in the Black Sea Region.

Our university continuous to give education with its 89 bachelor's degree programs carried out through its 10 Faculties- Medicine, Engineering, Dentistry, Science Literature, Agriculture, Theology, Education, Economical and Administrative Sciences, Veterinary and Law Faculties and 1 Conservatory, 2 Academies, 9 Vocational Higher Education Schools (2-year) and 62 associate's degree programs given at these Schools, 4 Institutes (Social Sciences, Science Studies, Health Sciences and Fine Arts).

The Congress and Culture Center of Ondokuz Mayıs University: it consists of total two big halls with 514-person and 116-person capacities respectively and one hall with 45-person capacity and the internet connection service is given in all the halls.

It was founded on April 1, 1975 under the Law of 1873. Samsun Medicine Faculty founded in 1973 affiliated with Hacettepe University and then, it was affiliated to our university. In its foundation year of 1975, our university began its education with 50 students and in its 33rd year, it had 20434 students, 92423 graduates and 1875 academic personnel. The aim of our university is to educate the youth who are open to all sorts of thoughts, reach to knowledge in a free environment where the mind is dominant and the knowledge is used and produced, are creative and participative, always question and research, produce solutions , whose social abilities are developed, are self-confident and give correct decisions, rational and productive, respectful to human rights, open to universal values, sensitive to the society and social problems, democrat and intellectual.

University – to make contribution to the social development by producing knowledge and technology through industrial cooperation and to create a society consists of completely happy individuals with a human focused understanding to obtain total quality in education, research and application by adapting the national and universal cultural values and being integrated with the society.

GENERAL INFORMATION

The center of Symposium

Samsun Ondokuz Mayıs University , Congress Culture Center

Date of Symposium

September 29 – October 01, 2010

Agenda of Symposium

Reservation and registration : September 28 –October 01, 2010 (08:00-17:00)
Scientific program of the Congress : September 29 - October 01, 2010
Opening cocktail : September 29 , 2010
Gala Dinner : September 30 , 2010

Official language of Symposium

The official language of symposium is Turkish. Simultaneous translation will be made from Turkish to English and English to Turkish.

Reservation and Registration Services

The reservation and registration tables will take place in entrance of the Symposium center and will give service between hours of 08:00 and 19:00. Services to be included in the registration fee of symposium: participation to scientific sittings, entry to exhibit area, symposium program and book, symposium CD, name tag, certificate, symposium bag, opening cocktail, gala dinner, tea-coffee services and lunches during the symposium(3 days). The participants who do not make registration until the date of symposium can complete their registration procedures at the tables to be established at the symposium center.

Participation Certificates

These will be given from the registration tables to the participants who complete their registration procedures.

Name Tags

Name tags will be provided from the registration tables. Without name tags, no one will be allowed enter into the symposium center.

The Presentation Control Room

The presentation control room is at the symposium center and give service during the symposium period.

Invitation letter

In case it is demanded by the participants, the invitation letter will be sent by interium. This invitation letter is not aimed to meet the symposium expenses of the participant.

Transfer

Mutual transfers will be made from Samsun Çarşamba airport and bus terminal to the hotels and Ondokuz mayıs University Congress Center. Please, inform your transfer demand to the organization secretariat. (info@kokhucresempozyumu.org)

Credit Facility

The credit facility for the symposium program will be ensured by the Turkish Medical Association-Continuous Medicine Education-Credit Facility Commission. The credit facility forms will be include in the symposium bags. We kindly request you to fill the form and drop them in the credit facility box at the registration table.
